

Let's attend the training in Prague – in the heart of Europe!

Get your qualification in NDT, welding and inspections and enjoy it at the same time.

Be trained in Prague!

The ATG – Advanced Technology Group offers you:

- 6 classrooms
- 3 labs for NDT testing with fully/semi automatic NDT lines
- Library with publications from NDT field and technical standards

Get fast and efficiently all the information about NDT - not only about performance of routine checks, but in particular on quality assurance in the field of NDT as well.

The trainings are focused on:

- NDT managers
- Level 3 specialists
- Quality managers in field of NDT
- Supervision personnel
- Generally to all higher workers of technical inspection

After successful completion of the examination **you will get certificate issued by an independent accredited body** like TUV Cert, API, SECTOR Cert, ATG CERT, NANDTB, CWS ANB, REAKTORTEST, (depending on the qualification system and method).

You will get a chance to visit one of the best preserved historical cities in Europe – and appreciate extraordinary atmosphere of Prague with thousands years of history and modern life rhythm.

Tips for further information

ATG Prague: <http://www.atgtesting.com>

Historical Prague: <http://www.prague.net/prague-castle>

We will assist you with securing visas, accommodation and other practical aspects.

For more information, please do not hesitate to contact us!

We're looking forward to starting our cooperation!

Martina Jezova

Academic Director
